WATERCRAFT DEFINITIONS & REGULATIONS

Required by City Codes, Sections 4.1.101 & 4.3.109

4.1.101 DEFINITIONS

WATERCRAFT: Every type of vessel used or capable of being used as a means of transportation on water. Watercraft MAY include hand-propelled boats, belly boats, motorized boats and wind vessels.

Ord. 4716; 1968 Code, Section 10-2; Ord. 88-65; Ord. 88-265; Ord. 01-42

4.3.109 WATERCRAFT PERMITS

The Director shall regulate the use of watercraft upon any park, park property or park facility and require permits for appropriate types or classes of watercraft used upon any park, park property or park facility. It shall be unlawful to use any watercraft upon the waters in any park unless a permit has been issued in accordance with this article and the Director's rules and regulations.

1968 Code, Section 10-24.18; Ord. 80-47; Ord. 01-42

WATERCRAFT DEFINITION *(as defined by City of Colorado Springs)*

Motorized Watercraft & Motorized Personal Watercraft

Motorized watercraft means any vessel propelled by machinery, whether or not such machinery is the principal source of propulsion including "personal watercraft (i.e. jet skis) and vessels with trolling motors"

Non-motorized Watercraft

Sailboats, Float Tubes, Belly Boats, and other hand propelled watercraft

ENFORCEMENT *(as authorized by City Code, Section 4.2.101)*

City police, fire officials and designated PRCS personnel are authorized to enforce all ordinances, rules and regulations.

***Only permitted users can be on water during their scheduled times.
Scheduled and non-scheduled users may not be on the lake at the same time.***

If a non-scheduled user of the lake does not vacate the water immediately, a description of the watercraft and its operator, in addition to the state registration number shall be reported to **CSPD Dispatch (719) 444-7000**.

Violators of ordinances, rules or regulations concerning the conduct or operation of vessels on or around the lake area may be removed from the lake, cited by an enforcement officer, or have watercraft permit revoked.

INCLEMENT WEATHER

Weather in Colorado Springs is unpredictable and can change rapidly, becoming dangerous to boaters. Be aware of rapid cloud build up, drop in temperature and sudden changes in wind direction or speed as these may signal the arrival of dangerous weather conditions. When lightning is seen or thunder is heard near the lake, it is strongly recommended that people take immediate shelter in their cars.

It is not safe to take shelter under a tree or anywhere within 100 feet (100') of the shore when lightning is present. As a rule of thumb, boaters can return to the water thirty minutes after the last audible thunder is heard or lightning seen.

WATERCRAFT GENERAL USE REQUIREMENTS

As set forth by the Colorado Boating Statutes & Regulations

EQUIPMENT REQUIREMENTS

- One personal flotation device of a type approved by the commandant of the USCG in good and serviceable condition, and in a readily accessible place of storage for each person on board a watercraft.
- Additional equipment designed to promote navigational safety to include, but not limited to: sounding device, bailing device, fire extinguisher, and orange flag.
- If not an entirely open vessel and if carrying or using any inflammable or toxic fluid in any enclosure for any purpose, an efficient natural or mechanical ventilation system which shall be capable of removing any resulting gases prior to and during the time such vessel is occupied by any person.
- Personal watercraft equipped by the original manufacturer with an engine cutoff switch lanyard that shall attach to his/her person, clothing, or PFD, as appropriate for the specific watercraft.
- Watercraft owner shall be subject to an equipment inspection at any time while participating in boating activities at Prospect or Quail Lake.

PERMIT REQUIREMENTS

Each person applying for a watercraft permit shall present to the Director or the Director's designee the following:

• Colorado State Boat Registration

Evidence of a current Colorado State Boat Registration certificate and number, unless exempt by statute due to the type of watercraft.

• Watercraft Inspection Form

Each person applying for an annual watercraft permit is required to complete a City of Colorado Springs PRCS - "**Watercraft Equipment Inspection Form**". This can be done at Sertich Ice Center (1705 E. Pikes Peak Ave) during business hours at the sale of an annual permit. (**NOTE: Boat dealers are exempt from this requirement.**)

• Insurance (required for all motorized watercraft)

Evidence of current boater's insurance is required. No motorized watercraft permit shall be issued to the applicant without evidence of current public liability and property damage insurance policies. The following insurance coverage shall be required in the name of the watercraft owner:

Bodily Injury and Property Damage: Combined single limit of \$300,000

Each policy of insurance shall contain an endorsement that the insurance carrier shall notify the City at least thirty (30) days in advance of the effective date of any reduction or cancellation of the policy. The cancellation or reduction of insurance shall be cause for automatic suspension of the permit.

WATERCRAFT PERMIT TERMS & FEES

TERMS & WAIVER OF BOAT PERMITS

- Upon issuance, the permit shall be permanently affixed in a conspicuous location on an exterior surface of the boat.
- Upon issuance of the permit, if needed, the watercraft owner will receive a key to open the gate at the boat ramp. As a Prospect Lake permit and key holder, you are **required** to lock the gate after launching and loading watercraft.
- Each permit is a nontransferable, revocable permit which shall continue in full force and effect from the date of issuance through December 31 of the year of issuance, unless sooner terminated, discontinued or revoked by the provisions of these rules and regulations or by legal action or operation of law.
- Designated personnel may, from time to time, close Prospect Lake to the public for use by the City in promoting or sponsoring **special events** and may waive the permit requirement for special events (**see pg. 9**).

DEALER PERMITS

Marine craft, boat dealers or others engaged in the business of selling boats may obtain special dealer permits for use on boats they may be testing or demonstrating. By applying for a dealer permit, each dealer acknowledges that the boat tested or demonstrated carries all safety equipment required by the State of Colorado and the United States Coast Guard (USCG) (**see pg. 5**).

BOAT RAMP KEY DEPOSIT

A \$10 key deposit will be assessed when purchasing any annual permit(s). The key deposit can be **credited** to the following year's account or a refund can be processed when the annual key is returned (key deposit refunds may take up to seven business days). If returning from a prior year to purchase a new annual permit, please return the prior year's key in exchange for the current year's key as the boat ramp lock changes.

PERMIT FEES

- | | |

TESTING A BOAT?

Prior to testing, user must purchase relevant Day Pass from Sertich Ice Center. Please note, all Day Pass requirements apply: proof of insurance is required for all motorized watercraft. Ramp key may be borrowed for the duration of a Day Pass with photo ID as collateral.

WATERCRAFT USE ON PROSPECT LAKE

MEMORIAL PARK

For park information, *see pg. 8.*

USER WATERCRAFT OPERATION

(as authorized by City Code, Section 4.2.101)

- No person shall use any watercraft on Prospect Lake in a careless or reckless manner or as to interfere with the reasonable use or enjoyment of the lake by any other person.
- No person under 16 years of age shall operate a motorboat or personal watercraft upon the lake. (**EXCEPTION: Youth 14 years or older who have completed a boating safety course approved by the Colorado Division of Parks and Outdoor Recreation and have a boating safety certificate issued by the boating safety course provider in his/her possession. Adult supervision is required.**)

WATERCRAFT USE LAKE CAPACITY

- During hours of operation for motorized and personal motorized watercrafts, no more than five (5) watercraft, shall be permitted to operate on the lake at any time. (*“Operate” being defined as moving in the rotation of boat traffic. Mooring or beached watercraft are not considered operational.*)
- During motorized watercraft operation, all traffic shall move in a counter-clockwise direction. Swimming or diving from any watercraft is prohibited.
- Operation of **ALL** watercraft is prohibited during an electrical storm.
- No motorized watercraft shall be operated while the operator or any occupant is standing or sitting on the gunwale or bow or in any unsafe position.
- Watercraft operation is only allowed in the designated boating and water-skiing areas (*see pg. 10*).
- Watercraft operators must be aware of shoreline and swimming areas at all times.
- Remote controlled boats are only allowed in the southwest end of the lake during the hours of 11am - 5pm and should not go further than fifty feet (50') of shore (*see pg. 10*).

WATER-SKIING ON PROSPECT LAKE

- Water-skiing shall be permitted only during “motorized” operation times (*see pg. 3*).
- Water-skiing is **prohibited** within fifty feet (50') of shore.
- No watercraft shall follow a water-skier closer than one hundred fifty feet (150'), except when their own skier is in the water.
- All watercraft towing water-skiers shall have aboard a responsible observer, in addition to the operator, who shall, when launching a water-skier, when a water-skier falls down in the water, when signaling to return to the shore or when the watercraft is retrieving its water-skier, conspicuously display a flag.
- The launching and discharging of water-skiers at the shore shall be limited to the designated area only (*see pg. 10*).
- Water-ski towropes shall be no longer than one hundred feet (100') in length.
- Watercraft towing water-skiers shall have the right of way over other watercraft.

WATERCRAFT SAFETY EQUIPMENT

USCG-approved personal flotation devices are required to be worn by all operators and passengers of personal watercraft, hand/human propelled boats, sailboards, sailboats, and every user aged 12 and under. Other USCG-approved personal flotation devices must be present in all motorboats for every adult attendant (*see pg. 5*).

IMPORTANT: Only approved anchoring devices will be permitted.

BOAT RAMP USE

- All motorized and personal motorized watercrafts are required to launch and load from the boat ramp.
 - No staging or cleaning permitted on the boat ramp.
- IMPORTANT:** The gate must be closed and locked after vessel is launched and vehicle is parked.
